Finding your course in Moodle
You can go directly to the Moodle homepage at https://moodle.education.auckland.ac.nz.
It will be useful to bookmark this web address for ease of access in the future.

Alternatively, you can go to the Faculty of Education homepage and click on the Quick links pull-down menu at the top right of the window and select Moodle Login.

Logging into Moodle
On the far right of the screen find and click on the link for site Log in (see image below).

University students and staff access Moodle by clicking on the blue “Log in” button. External and guest users who are not currently students or staff of the University can access Moodle using the other authentication process on the same webpage.

If required, enter your University of Auckland username (previously referred to as UPI or NetID; eg, stic002) and password and click the “Sign in” button.
NB. The first time you enter the Faculty of Education’s Moodle site you will be asked to accept the four conditions in the Site Policy. Scroll down to the bottom of the screen and click 'I agree' once you have read and understood the conditions of use. If you have been redirected here you will then go straight to your Moodle course.

**Moodle homepage**
Once logged in you will see the “My home” screen where your course websites will be listed. Click on the link for the course site you wish to enter.

**Moodle Help Site**
Make sure you visit the “Moodle Help Site”, accessible from anywhere in Moodle from the ‘Help’ tab on the top banner.
